Land for a new Village site

Submitted to Secretary.

The village of Devabal in the Honnali Taluk originally had 10 acres & 11 guntas as Gauthan. The place was found unhealthy & the villagers shifted to Svc: No: 20, Extent 10a - 39g, Assk, 3.03.0, which was in the occupation of the village Patel. This was in 1880.

In accordance with the recommendation made by the D'Gaur, the appropriation of Svc: No: 20 for building purposes was sanctioned in Govt: Pro: No: 633-4 & 336 337 March 1883. The old village site was assessed & given out for Cultivation. The assessment on No: 20 was written off the accounts & some houses were built on the new village site

In 1889, the Kumri D'Gaur reported that there existed 22 huts & 1 Cutcherry house in the new village site; that the Ryots found the place swampy & that

Memo Continued.

Sanction (X) was accordingly conveyed to the appropriation for building employees Quarters No. 55, (A-S 12-22) in question. Note near the 2nd Comm. states that the allotment of such a large area as A-S 12-22, for building purposes is unnecessary, there being no likelihood of any considerable no of houses being built on the spot and moreover, therefore, sanction to A-S 8-22 out of the A-S 12-22 in question of land being given out for cultivation.

Sir,

With reference to Government Proceedings No. 11547-8 / R.F. 64-96 dated 25th June 1897 sanctioning the appropriation of Survey No. 55 extent 12 acres and 22 guntas for a new village site in the village of Devabalu, Kumsi Sub Taluk, I have the honour to state that it has since been found that the alienation of such a large area for the above purpose is unnecessary, as there is no likelihood of any considerable number of houses being built on the spot which at present contains only 4 houses. I therefore beg to suggest that out of the 12 acres and 22 guntas originally sanctioned for the purpose, only a portion measuring

4 acres may be set apart for the village site and the rest of the Survey No. given out for cultivation, and to request you to kindly have the Proceedings in question modified accordingly.

The vernacular papers relating to the above are herewith submitted for reference and kind return.
